

Hazardous Material Drivers Courses (HAZ 11)

Reporting Instructions

Hazardous Material Drivers course provides drivers of bulk hazardous cargo (for example, bulk ammunition and fuel) all information and skills needed to transport hazardous cargo. Special emphasis is given on German laws. Each successful graduate will be issued an ADR certificate, which is required by law to transport hazardous cargo in Europe. HAZ 11 is valid for 5 years!

Reporting

The IMS attending the Hazardous Material Drivers course will report to the Kristall Inn on Rose Barracks located in Vilseck, Germany, one (1) day prior to the start of training. Dinner meal will be available at the Dragoon Inn Dining Facility (Bldg 603, Rose Barracks) for those arriving prior to 1800 hrs. Arrival after 1800hrs, Dining Facility will be closed and meals will not be available. IMS will then be responsible to provide their own meals.

On-post lodging +49 9641 93640

Registrar +49 9641 92735

CATC Scheduling +49 9641 94050

Individual items required

Soldiers will need to bring the items listed below:

Uniform, duty

Undergarments

Headgear (as prescribed by their respective country)

Inclement weather clothing (i.e. wet weather, cold weather, etc.)

Personal hygiene items

Writing instruments/paper for note taking

Other items they deem they need to bring.

Course Start Date

Students will report to Building 336, Combined Arms Training Center (CATC) HQ, Rose Barracks, Vilseck **at 0700hrs** to start in-processing. Please have Your Passport and a copy of ITO available. **Classrooms are located within walking distance. Therefore, transportation is not a requirement for this course.**

Transportation

Students must arrange transportation to and from home station – they will not be picked up at an airport or from any other location. The village of Sorghof, Germany, can be used as a reference point to "Google" direction to Rose Barracks. Sorghof is right outside the main gate.

Hazardous Material Drivers Courses (HAZ 11) Reporting Instructions

If flying, Nuremberg (Nürnberg) is much closer to Vilseck than Munich (München), so Nuremberg is the preferred destination for flying to Germany (airport code: NUE). Nürnberg is also preferable as it is a small, uncomplicated airport.

Taking a train from the Nürnberg airport is the easiest option to Vilseck. Ticket machines are located directly outside the arrival area with an escalator left of the machines (as you exit the airport) to the trains. Nürnberg subway (S-Bahn) has a station directly at the airport. Take the S-Bahn to Nürnberg main station (Nürnberg Hauptbahnhof abbreviated Hbf). The airport is the end of the line you so cannot get on a train going in the wrong direction—only option is toward the city center. **The approximate cost will be 50 Euros one way/100 Euros round trip**

Upon arrival at Nürnberg Hbf, take the train to Vilseck (the train line to Weiden) but ensure the train is scheduled to stop at Vilseck as some do not. Take a Regional Express (RE) train as ICE trains may not stop there. Students must hire a taxi to travel to Rose Barracks. If the required information to arrange post access was returned as requested, the taxi will be able to access the installation and take personnel directly to the Kristall Inn. If access information was not returned, the taxi will have to leave Soldiers at the Gate and they will have to walk (approximately 2 Kms).

Note: Return transportation. International military students are actively involved in training on their final day, in order to complete the entire program of instruction, do not schedule return plane flights departing from Nuremberg International Airport before 1800 or Munich International Airport before 1830. If you unable to book a return flight after 1800/1830 on the final day of training and your students must remain on Rose Barracks until the following day, your case will charged for an additional day of life support.

Any additional information required should be address, prior to student departure from country, to 7ATC IMT IMSO at the following:

Office: +49 (0)9641.83.6535
Cell +49 (0)1724170319.
