

# Airlift Planners Course (UMO 152) Reporting Instructions

---

Airlift Planner's Course or ALPC, and is designed to train/certify Unit Movement Officers and NCO's in airlift planning and the execution of joint airlift operations. ALPC orients the student on the U.S. Air Force's Air Mobility Command (AMC) Structure, covers Airlift preparation, the principles of load planning and airfield safety. Successful course completion and receipt of the training certification constitutes authorization for the planning official to sign the aircraft cargo manifest for air shipment of unit cargo and personnel and supplies. Students will also be given instruction on the use of Integrated Computerized Deployment System (ICODES). ICODES is the automated USAF system of record designed to expedite the load planning process for all air load planners.

## **Reporting**

The IMS attending the Airlift Planners Course (UMO 152) will report to the CATC Student Detachment Building (BLDG 1142) located in Camp Aachen, on the Grafenwoehr Training Area (GTA) one day prior to the course start date. In-processing starts between 1200-1600 hours. Please have Your Passport and a copy of ITO available. During in-processing, information on billeting will be issued.

Student Detachment contact numbers:

Office: +49 (0)160 6874157

Cell: +49 (0)162 296 6449 (After 1600 arrivals)

Students will sleep in "Troop Bilets" (open bays) and eat in the on-post dining facility at no cost to the student. No linen or bedding is provided; hence students must bring a sleeping bag or sheets, blankets and a pillow.

## **Individual items required**

Soldiers will need to bring the items listed below:

Uniform, duty

Undergarments

Headgear (as prescribed by their respective country)

Inclement weather clothing (i.e. wet weather, cold weather, etc.)

Personal hygiene items

Official Computer systems with downloaded ICODES

Writing instruments/paper for note taking

Other items they deem they need to bring.

## **Transportation**

Students must arrange transportation to and from home station – they will not be picked up at an airport or from any other location. It is a requirement for the participant Country to provide

## Airlift Planners Course (UMO 152) Reporting Instructions

---

**transportation for their student throughout the entire training event.** U.S. is not responsible for transporting students.

### **All arrivals should enter thru GTA's Gate 6**

#### **Direction to Bldg 1142 thru Gate 6:**

Driving towards GTA on B299. Turn onto Am Gruderzentrum. Proceed toward Gate and continue the process to get thru gate six (6). Once passed the gate, stay to the left and make left turn toward Camp Aachen (you should see a sign that says Camp Aachen). Proceed to first intersection and turn right. After turning right, continue until second intersection and turn right. Proceed approximately 500 meters. The CATC Student Detachment Bldg (1142) is on the right side of the road.

If flying, Nuremberg (Nürnberg) is much closer to Vilseck than Munich (München), so Nuremberg is the preferred destination for flying to Germany (airport code: NUE). Nürnberg is also preferable as it is a small, uncomplicated airport. Students can rent a vehicle at the car rental facilities located at the airport.

**Note:** Return transportation. International military students are actively involved in training on their final day, in order to complete the entire program of instruction, do not schedule return plane flights departing from Nuremberg International Airport before 1800 or Munich International Airport before 1830. If you unable to book a return flight after 1800/1830 on the final day of training and your students must remain on Rose Barracks until the following day, your case will be charged for an additional day of life support.

Any additional information required should be addressed, prior to student departure from country, to 7ATC IMT IMSO at the following:

Office: +49 (0)9641.83.6535

Cell +49 (0)1724170319.
