## INSPECTOR GENERAL MISSION AND AUTHORITY

The IG Mission is to “determine the state of the command’s discipline, efficiency, economy, morale, training, and readiness” IAW AR 20-1 (Inspector General Activities and Procedures).

The Inspector General conducts inspections, investigations and provides assistance to Soldiers, Family members, Department of the Army Civilians, retirees, and local nationals.

## Need IG Assistance?

Before you tell it to your Inspector General...

- ✓ Consider giving your chain of command an opportunity to solve the problem or issue first.
- ✓ Does your problem or issue have another form of redress (i.e., EO, EEO, appeals, evaluations, etc.)? If so, it may not be appropriate for the IG.
- ✓ If IG assistance is needed, contact your local IG first – they will actually be the fastest.
- ✓ Keep in mind that IGs are not policy makers – IGs can only recommend, not order, a resolution.
- ✓ Remember IGs can only facilitate resolution of issues on the basis of facts.
- ✓ Don’t expect instant action on your request.
- ✓ Be prepared for an answer that you don’t want to hear.
