

## 7th ARMY TRAINING COMMAND

### JMRC Training Schedule and Hohenfels Schools Academic Calendar

As Hohenfels families prepare for the upcoming school year, we want to share an important update regarding the finalization of the Hohenfels Schools 2026-27 academic calendar.

The Joint Multinational Readiness Center (JMRC) has requested the Department of War Education Activity (DoWEA) place a temporary pause on finalizing the complete school calendar until upcoming mission requirements are fully clarified. This coordinated effort is designed to ensure school breaks align as closely as possible with operational schedules, thereby maximizing valuable family time. DoWEA fully supports this approach, as it directly benefits the well-being of our military families.

We anticipate that the complete, final school calendar will be released in mid-July.

In the meantime, we understand that families need to prepare. To assist with your preliminary planning, we are providing the basic foundational dates for the upcoming school year below:
