

# Environmental Protection

## What we do

USAG Bavaria strives to provide stewardship of our natural environment to enable realistic training for our Soldiers and allies. Our primary tasks to achieve this goal are:

### Support the Military Training Mission

- Deliver realistic training environments
- Provide facilities and equipment
- Promote spill prevention and response
- Support construction projects

### Protect Land, Air, and Water

- Ensure sustainability
- Prevent pollution
- Promote renewable energies
- Manage hazardous materials/waste

### Preserve Cultural Resources

- Protect archeological sites and monuments
- Preserve historic village structures
- Conserve old fruit tree varieties

### Conserve Natural Resources

- Preserve habitats for biodiversity
- Protect threatened and endangered plant and animal species
- Manage European "Natura 2000" sites
- Implement mitigation projects

### Promote Environmental Awareness

- Conduct environmental training
- Offer environmental education
- Engage in social media
